

business, felt sad and lonely, and exclaimed that he was "taken no more notice of than if he were a little dog." 31

TOAST TO THE LADIES.—We append the largest toast to the ladies, which was got off at a recent public dinner :

"The ladies—May their virtues ever exceed the magnitude of their skirts, while their faults remain smaller than their bonnets." 32

33—The blush of modesty upon the cheek of a young and virtuous female, is emblematic of purity of soul. It is a sight to make bad men good.

34—When a Tennessee girl is kissed she frowns and says : "Put that arfrow right back, sir, where you took it from." 33

THE SILVER SKIRT!

MORE DURABLE,
MORE ELASTIC,
MORE GRACEFUL!
And will keep its Shape and retain its Place
better than any other Skirt.

This new and beautiful style of Skirt (Patented March 7, 1885), was awarded by the Great American Inventive Fair, held in New York, October, 1885.

A SILVER MEDAL!
the highest premium ever given for a Hoop Skirt.

The Steel Springs are wound with a fine plated wire (in place of a cotton covering) which will not wear off or become soiled, and the whole Skirt may be washed without injury or fear of rusting, and will be as good as new.

THE COMBINATION SILVER SKIRT!
This invention combines with the ordinary cotton Skirt the advantages of our Silver Skirt: the bottom hoops are the same as those used in the Silver Skirt, the covering of which cannot wear off, while the upper ones are covered with cotton. No lady having once worn one of our Skirts will be willing to wear any other, as the lower hoops of all other kinds will soon become soiled.

The best materials are used in their construction, and from their durability and neatness, they are destined to become a FAVORITE SKIRT!

Manufactured solely by the Silver Skirt and Wire Manufacturing Company,

GREAT REDUCTION OF PRICES

CHEAP GROCERY,
AT THE
CORNER OF DIAMOND & CHAMBERS STREET.

JOHN M. SWAN,
HAVING just returned from the city, respectfully informs his customers, and the public, that he has succeeded in forming a connection with one of the first Importing Houses in the city of Baltimore, by which he is enabled to offer Groceries at a lower figure than they can be purchased elsewhere in the County. He is prepared to sell

COFFEES, 2 lbs. for 25 " 32 cents per lb.
SUGAR, 2 lbs. for 25 " 32 cents per lb.
SYRUP, 40 " 40 " \$1.20
and all other things at corresponding prices. If you would save money, call at the Cheap Grocery, corner of Diamond and Chambers street. He sells exclusively for Cash, and is determined to be ahead of all others in selling cheap. Give him a call before purchasing elsewhere.

JOHN M. SWAN.

BARRON'S SAFETY LAMPS.

LIG-RO-INE (Red) FLUID.
PATENTED.

THIS Lamp apparently burns without any fuel, which absorbs the liquid and gives it to the flame, partly from the thick, and partly from the form of gas, but so as to produce perfect combustion, and is very economical and safe. It is used without a chimney, and perfectly trimmed, does not smoke or smell; it is therefore especially adapted to the purposes of a "run about," light, stove, or lamp, or lantern. The most broken chimneys, alone, will more than pay the cost of this lamp. Every family needs one or more.

"It is just what I have been long looking for," writes a model house-keeper.
"I should hardly know how to do without it," writes another.
"A perfect contrivance," writes a third.
"Let those who are skeptical try it," writes a fourth.

For sale by JOHN M. SWAN,
Cor. of Diamond and Chambers Street.
The Lig-ro-ine fluid also for sale at the same place. [March 14.]

NEW YORK.

THE attention of the Public and the trade is invited to our NEW SCALE 7 OUTAYE ROSEWOOD PIANO FORTEs, which for volume and purity of tone are unrivaled by any hitherto offered in this market. They contain all the modern improvements, French Grand Action, Harp Pedal, Iron Frame, Over Strung Bass, and each instrument being made under the personal supervision of Mr. J. H. Grovesteen, who has had a practical experience of over 35 years in their manufacture, is fully warranted in every particular.

The "Grovesteen Piano For" received the award of merit over all others at the celebrated World's Fair.

Where were exhibited instruments from the best makers of London, Paris, Germany, Philadelphia, Baltimore, Boston, and New York; and also at the American Institute for five successive years, the gold and silver medals from both of which can be seen at our warehouse.

By the introduction of improvements we make a still more perfect Piano Forte, and by manufacturing largely with a strictly cash system, are enabled to offer these instruments at a price which will place all competition at bay.

GREAT IMPROVEMENT IN SEWING MACHINES.
EMPIRE SHUTTLE MACHINE.
Patented February 14th, 1880.

SALESROOM 636 BROADWAY, N. Y.
250 WASHINGTON STREET, BOSTON.

THIS Machine is constructed on entirely new principles of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be Simplicity and Perfection Combined.

It has a straight needle, perpendicular action, makes the "Lock or Shuttle Stitch," which will "Neither Rip nor Ravel," and it is alike on both sides; performs perfect sewing on every description of Material, from Leather to the finest Nanook Muslin, with cotton, linen or silk thread, from the coarsest to the finest.

Having the honor "Cam nor Cog Wheel," and the least possible friction, it runs 2,500 smooth as glass, and is

EMPHATICALLY A NOISELESS MACHINE.
It requires fifty per cent. less power to drive it than any other Machine in the market. A girl twelve years of age can work it steadily, without fatigue or injury to health.

Its strength and "Wonderful Simplicity" of construction renders it almost impossible to get out of order and is guaranteed by the Company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to come and examine this "Universal Machine."

One half hour's instruction is sufficient to enable any person to work this Machine to their entire satisfaction.

Religious and Charitable Institutions will be liberally dealt with.

Agents wanted for all Towns in the United States, where Agents are not already established. Also for Central, Mexico, Central and South America, to whom a liberal discount will be given. T. J. McARTHUR & CO., A & Co.

FINKLE & LYON
SEWING MACHINE CO.
OFFICE 581 BROADWAY, NEW YORK.
GUARANTEE.—After a fair trial, if any purchaser does not regard the Finkle & Lyon Sewing Machine as superior to any machine in market, he can return it and have his money. It has taken many of the highest prizes—is less complicated than any other first class machine,—does a wider range of work without changing,—requires no taking apart to clean or oil, and no "lessons" to set needle, regulate tension, or operate machine.

N. B. Any Clergyman sending us two orders for Machines, shall receive one for himself as a present. The same proposition is extended to Professors and Teachers.

We have now completed our new manufacturing plant at a cost of some \$200,000, including new patents and important improvements, and the object of the above proposition is to secure the immediate introduction of our improved machine into every town in the United States without incurring the great expense of a traveling agent.

This proposition cannot avail in towns occupied by our own agents.

CLOSING OUT SALE
OF THE
NEUFCHATEL WATCH CO.

OWING to the failure and sudden close of the works and business of the
NEUFCHATEL WATCH COMPANY,
a large number of Fine Watches, manufactured especially for the United States, being heavy, first-class time pieces, intended to stand hard usage and sudden changes of temperature, are left in our hands for immediate sale. As agents of the Company, we are obliged to dispose of this Stock for Cash, in the shortest possible time. We have, therefore, decided on the plan annexed, as the one that will be productive of the desired result. This plan gives every one an opportunity of obtaining fine time pieces at a price that all can command. As every Certificate represents a Watch, there are no blanks, and every one who invests in this sale must get a Watch at half the retail price at least; and if, at all fortunate, one to wear with pride through life.

Remittances may be made at our risk in Registered Letters or by Express, or Post-Office Orders and Drafts payable to our order, and we guarantee a safe return. This INSURES safe delivery and sure return to every patron.

We warrant every Watch as represented, and satisfaction is guaranteed in every instance. Knowing the worth of the stock, we can give a warranty to every purchaser. The price has been placed at the very low figure in order to insure immediate sale; and all who desire to improve the opportunity should make early application.

Taken internally, it cures sudden colds, coughs, etc., weak stomach, general debility, nervous sore throat, canker, liver complaint, dyspepsia or indigestion, cramps and pain in the stomach, bowels, diarrhoea, and dysentery, applied externally, cures felons, boils and old sores, severe burns and scalds, cuts, bruises and sprains, swollen joints, ringworm and tetor, broken breasts, frost-bitten and chilblains, toothache, pain in the face, neuralgia and rheumatism. It is a sure remedy for Ague and Chills and Fever. [March 27.—1m.]

TO CONSUMPTIVES.—The undersigned having been restored to health in a few weeks by a very simple remedy, after having suffered several years, with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used, (free of charge), with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds, etc. The only object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address **Rev. EDWARD A. WILSON,** Williamsburg, Kings county, New York.

THE GROVESTEEN PIANO FORTE

still retains its precedence and great popularity, and after undergoing gradual improvements for a period of thirty years, is now pronounced by the musical world to be unsurpassed and even unequalled in richness, volume, and purity of tone, durability and cheapness. Our new scale, French action, hard pedal, iron frame, over-strung bass, seven octave, rosewood pianos we are selling, cheaper by far from 100 to \$200 than the best, style and finish are sold by any other first-class makers in the country. Dealers and all in want of good pianos are invited to send for our Descriptive Catalogue, which contains photographs of our different styles of pianos with prices, and to purchase a piano without seeing this Catalogue. Medals, almost without number, have been awarded to the Grovesteen Piano, and at the Celebrated World's Fair, though put in competition with others from all parts of Europe and the United States, it took the highest award. An Important Bounty Bill.

The following bounty bill has passed both branches of the legislature. This is no more than an act of justice. A number of volunteers re-enlisted in the field and are credited themselves to localities which were reported to be paying large bounties. Those localities received the advantage of the credits, but on the return of the volunteers they refused to pay the sum which was honestly due them. There are several instances of the kind in this country:

WHEREAS, At the beginning of the late Rebellion, certain volunteers entered the military service of the United States without receiving local bounty;

And Whereas, Many of said volunteers, while yet in said service, re-enlisted for three years more, under General Orders No. 191, current series, War Department, Washington, D. C., dated June 25, 1863, and its supplements;

And Whereas, Many of said veteran volunteers, through a misunderstanding of an Act of the Legislature entitled "An Act relating to the payment of bounties to volunteers," approved the 25th day of March, 1864, have not been able to secure local bounties from the proper authorities of the places to which they have given their credit; therefore,

SECTION 1. Be it enacted, &c., That all veteran volunteers belonging to organizations of this State, who have been regularly re-enlisted and re-mustered under General Orders No. 191 from the War Department, dated June 25, 1863, and extending to April 1, 1864, and who have not received any local bounty, nor given their credit to localities outside of the State, shall be paid a local bounty of three hundred dollars, which shall be paid by the proper authorities of such Counties, Cities, Wards, Boroughs and Townships as received the credit of such veteran volunteers. Provided, That in case such credit be given to localities or places included in the limits of any Township, such Township, or the proper authorities thereof, shall pay said bounty.

SECTION 2. Transcripts from the records in the Adjutant General's office of this State, certified to by the Adjutant General, as well as General Orders from the War Department shall be received in evidence, and the place of residence named in the re-enlistment and muster-in rolls shall, in the absence of other evidence, be considered the place of credit.

SECTION 3. That the School Directors of each and every Township, Ward, or Borough in which such credits for veteran volunteers were received and counted in filling the quotas under the several calls of the President of the United States for Troops, are hereby authorized to levy and collect a sufficient tax to pay said veteran volunteers, or their heirs or legal representatives; Provided, That said tax shall not be collected from officers and soldiers now in the service of the United States, or who have been in such service and have been honorably discharged therefrom, or widows or orphans or widowed mothers of such officers and soldiers who may have died from wounds received or disease contracted while in said service.

RELEASE OF CLEMENT C. GRAY.—The following order has been issued from the War Department:

War Department, Washington, D. C., April 17, 1866.—Ordered that Clement C. Gray, Jr., is hereby released from confinement, and permitted to return to or remain in the State of Alabama, and to visit such other places in the United States as his personal business may render necessary, upon the following conditions, viz: That he takes the oath of allegiance to the United States, and gives his parole of honor to conduct himself as a loyal citizen of the same, and to report himself in person at any time and place to answer any charges that may be hereafter prepared against him by the United States. By order of the President.

E. D. TOWNSEND,

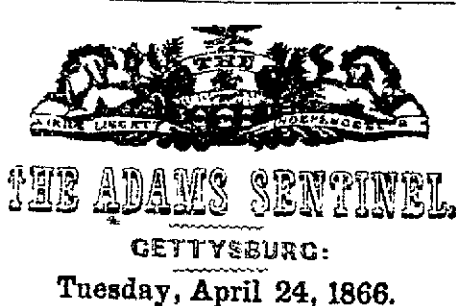

Assistant Adjutant General.

ANOTHER MURDERER HUNG BY A MOB.—A little son of Mr. C. W. Nuckols, of Woodford county, Ky., aged 13 years, was sent with a horse to meet his brother at Midway, in that State, last week, but was killed on the way by being knocked on the head with a rail, by a man named George Meeks, who beat out his brains. The murderer was soon arrested, and confessed that he committed the deed in order to obtain the horse. He was conveyed to jail, but a mob soon gathered, broke open the building, seized him, took him to the place where the murder was committed, and hung him to a tree, as a terrible warning to all other would-be murderers.

It is said that the salt mines of Nevada throw in the shade entirely all others known in the United States. One bed is reported to cover 15,930 acres, yielding 2,000,000 tons annually of salt, ninety five per cent. fine. No bottom to this salt bed has ever yet been discovered. As deep as any work has gone, the bed is solid rock salt, and from a depth of thirty-five feet the salt water comes in so rapidly as to prevent work without efficient pumping arrangements. The salt water wells up to the surface and overflows the large floor, from which the fine white salt is continually gathered. This floor, several hundred acres in area, has been so well levelled that the water flows evenly over it, and this by exposure to the atmosphere, is rapidly evaporated, leaving a stratum of fine white salt. This yield and production go on continually; and the more rapidly it is removed the better the quality of the salt.

THE LEGAL RATE OF INTEREST.—A bill was before the Legislature, at its late session, making 7 per cent. the legal rate of interest in Pennsylvania. This bill was at first defeated in the House by a small majority, but afterwards the vote was reconsidered, and the bill passed. The measure however failed in the Senate, as did also a proposition allowing Banks to charge 7 per cent. interest on discounts. The legal rate of interest, therefore, remains at 6 per cent. as it always has been.

BIG BUSINESS IN COTTON.—The shipments of cotton from New York, exclusively during the week ending Tuesday, were to the unusually heavy amount of 21,100 bales, of the currency value of \$5,097,518. The shipments since the 1st of September have been equal to nearly seventy millions of dollars in currency.

GETTYSBURG:
Tuesday, April 24, 1866.

FOR GOVERNOR,
MAJ. GEN. JOHN W. GEARY,
OF CUMBERLAND COUNTY.

Rev. Charles A. Stork, of Baltimore, who was elected a Professor in Pennsylvania College, has declined the offer—both his own feelings and those of his congregation conspiring to this end.

Rev. M. Jacobs, who has retired from active Professorial duty in the College, was elected by the Board of Trustees, at their late meeting, Professor Emeritus, at a salary of \$1,000 per life.

Prof. Ehrhart, Principal of the Preparatory Department, has purchased the Vance property, and will take into his family such boys of tender age who may be committed to his care. Temporary buildings have been arranged for the purpose, until the more permanent improvements contemplated are finished.

The two new Professors in the Theological Seminary, Rev. Dr. Hay, and Rev. Mr. Valentine, are to be inaugurated at the close of the Summer session in August. Dr. Hay enters upon his duties at once—Rev. Mr. Valentine at the Fall session.

A bill to incorporate the Gettysburg Li. Spring Association passed the last Legislature. The names of the incorporators are, Hon. Edward M. Pherson, David M. Conaughy, David Wills, Geo. Arnold, R. G. McCreary, Esqrs., Robert Horner, M. D., David Gilbert, M. D., H. S. Huber, M. D., A. D. Becher, and Edward G. Fahnstuck.

A young man, named John Miller, residing in Hanover, aged about 18 years, was drowned at Mumma's dam, when fishing, on Saturday week. He was seen to fall in, but before assistance could reach him, he was drowned. He was subject to falling fits, and it is supposed he was seized with one of these spasms, and fell in the water, and perished.

Doubtful Banks.

Mr. T. D. Carson, Cashier of the Gettysburg National Bank, has furnished us with the following list of doubtful Banks, the notes of which are not received at that institution:

Bank of Crawford County.
Bank of Lawrence County.
Oil City Bank.
Venango Bank.
Petroleum Bank.

The three first are considered worthless—the two latter, viz: Venango and Petroleum, are secured by State stocks at Harrisburg, and will eventually be good. Persons holding notes on these Banks should not sacrifice them. Notes on the other three are at a discount of 70 to 80 per cent. All other Pennsylvania Banks reported doubtful a few weeks ago are considered safe.

We understand that Rev. J. M. MICKLEY, of New Salem, this county, has received and accepted a call, to take charge of the English Reformed church, at Akron, Ohio, and will leave for his new field of labor in a few weeks.

Removed.

The case of the Commonwealth vs. David W. Horner, Charles S. Horner, Geo. J. Hunkley, Isaac K. Hankey and Theodore B. Horner, indicted for Riot and the suit of David W. Horner vs. Sheriff Rebert, for damages for shooting and wounding while attempting to arrest said Horner—have been removed to Franklin county—Bills changing the venue in both cases having passed the Legislature.

School District No. 6, of Huntingdon township, furnished 38 men for the war, and we are requested to publish the names, which we do, as follows: John C. Brandon, Isaac M. Brandon, Durbin Sadler, James Davis, McGowan Davis, Ephraim Heikes, Chas. Easty, Galbraith Teasie, Chas. Shaffer, John Shultz, John Gelwin, James Snyder, John Shunefelter, Hugh Welsh, John Albert, Henry A. Meale, G. W. Meale, Jacob B. Meale, George Shybaugh, John Snyder, Philip Snyder, John C. Miller, Joseph Shultz, Alfred Albert, John Weidner, John Ruckey, Jacob Miller of E. John A. Gardner, Arthur Yeasie, Sam'l Glass, David Cassel, David Shaffer, Geo. Smith, Harrison Wolf, and George Fessler—just one-half Republicans, and the other half Democrats.

To the Editor of the "Sentinel."

PHILADELPHIA, April 18, 1866.
In all the world, what is the matter in Gettysburg, Adams county?

I have just been glancing over your columns for this week, and am astonished, surprised, pained, at not finding one single MARRIAGE record. Alas, alas for Old Adams!—for dear old Gettysburg! How I love—how I love—wife and self—to look over the marriage-list of your paper, and read the names of old friends made happy—so happy—"Mr. A. married to Miss M. W." &c., &c.

Are all our young ladies married, or are they "beyond the line"—not Misses & Dixons—but that other ghastly one, "wonder who will take me." No, not a bit of it—there is—

[Our correspondent is too pointed here, and he must excuse us from giving initials and locations]—and all over there is a lot of young happy hearts—just opening like the spring rose, or budding their sweet full-blown fragrance all around. Alas for my sex! Young men of Adams—let me see no more such "Sentinels." Wife has gone off to bed in a pout at you, and I am trying to feel better by lolling off my life at you.

Mr. Editor, "put this in"—it may stir up our distaff beaux, and give us a shred of news, next week, worth reading. Yours, &c.,

GUESS WHO.

Iron, Steel, Nails and Horse Shoes at Cost. We must make room for a largely increased stock of Groceries and Queensware, our Jobbing trade demands it. We, therefore, offer our whole stock of Iron, Steel, Nails, Horse Shoes, Horse Shoe Nails and Steel Tools, at strictly Cost price. Please call soon. Prices of Groceries down.

WM. BLAIR & SON,
April 24.—24. "South End," Carlisle, Pa.

Record Your Deeds.

The attention of parties holding unrecorded Deeds is directed to the provisions of the Act of Assembly which require that—

"All deeds and conveyances for real estate in this Commonwealth, shall be recorded in the office for Recording Deeds in the county where the lands lie, within six months after the execution of such deeds and conveyances, and every such deed and conveyance not recorded as aforesaid, shall be adjudged FRAUDULENT AND VOID against any subsequent purchaser for a valuable consideration, unless such deeds be recorded before the recording of the deed or conveyance under which such a subsequent purchaser or mortgagee shall claim."

This is a very important notice, and those holding unrecorded deeds will see the importance of having them recorded without further delay.

Proceedings of Court.

April Court commenced yesterday week, President Judge Fisher, and Associate Judges Ziegler and Wieman on the Bench. The following cases were disposed of. It will be noticed that five persons were sentenced to the Penitentiary, more than have probably ever before been sent there in a single term from this county. Three of the number go for horse-stealing, which should have the effect of breaking up the nefarious business in these parts.

COMMON PLAS.

Daniel Crane vs. Nicholas Smith—being an action to recover \$20, alleged to have been loaned by Plaintiff to Defendant. Verdict for Defendant.

QUARTER SESSIONS.

Commonwealth vs. Isaac Kane and John Ulrich.—Stealing horses from Jacob R. Wilmer, and George Lower. Ulrich was arrested at Philadelphia, and charged with stealing Kane's horse, and was sentenced to two years in the Eastern Penitentiary.

Commonwealth vs. Joseph Acres, alias William Gardner.—Stealing horse from Levi Weaver. Pleaded guilty, and was sentenced to three years in the Eastern Penitentiary.

Commonwealth vs. James Carver.—Stealing a pair of boots from Josiah Beams. Verdict, guilty, and sentenced to two years in the Eastern Penitentiary.

Commonwealth vs. James Carver.—Stealing brass from Gettysburg Railroad Company.—Pleaded guilty, and was sentenced to the House of Refuge at Philadelphia.

Commonwealth vs. Moses Myers, of V.—Fornication and bastardy upon the person of Sarah E. Garver. Verdict, guilty, and sentenced to pay one dollar per week for the maintenance of the child until it shall have reached the age of seven years, \$80 lying in expenses, \$1 fine, and costs of prosecution.

Commonwealth vs. Joseph Langham, Jr.—Stealing a pair of boots from Josiah Beams. Verdict, guilty, and sentenced to sixty days in the County Jail.

Commonwealth vs. Abner Townsley, Jr., and Franklin Culp.—Stealing four dozen eggs from David Shuler. Plead guilty, and Townsley sentenced to six months, and Culp to four months in County Jail.

Commonwealth vs. Wm. Thompson.—Surety of the Peace, on oath of Wm. Null.—Defendant sentenced to give bail in \$100 for one year, and pay the costs.

In the case of the Commonwealth vs. Abraham Hostetter and Henry C. Hostetter, charged with the killing of John Hamilton, Grand Jury found a true bill against Henry C. Hostetter for voluntary manslaughter, but ignored the bill as to Abraham Hostetter. The trial of young Hostetter was put off until August term.

The bill of the Commonwealth vs. Henry Millerburg, John McKenrick and Peter Delow, for riot, &c., was ignored by the Grand Jury, and prosecutor, Abraham Hostetter, to pay the costs of prosecution.

The Grand Jury passed upon 23 bills, several of them of unusual importance. A number of the cases were settled.

The Grand Jury was discharged on Thursday morning, and Court adjourned on Friday morning.

Sheriff Rebert started for Philadelphia yesterday, with six prisoners—John Ulrich, Jos. Acres, Henry Carmon, Abner Townsley and Joseph Craig, for the Penitentiary, and James Carver, for the House of Refuge.

The "Immortal J. N."

Was in our town again a few days since making some of his characteristic speeches. A paragraph appeared in our paper a week or two ago, stating that he had been "egged" somewhere down South. This gave rise to the following letter, which he asks us to publish:

"GETTYSBURG, April 18th, 1866.

R. G. HARPER, Esq.—Kind Sir—I notice in a late issue of your paper that you stated that I was maltreated in my tour through the South. Allow me to say that although I traveled over seven of the Southern States, and addressed six of the different Legislatures, and thousands of people, I was treated with marked kindness and sympathy. My name was mentioned in the war from both stand-points, and lifting the veil of prejudice which now enshrouds the nation. With the sincere wish that the people North and South will fully consider each other's claims—in order that a reconciliation can be effected—and with my thanks to the citizens of Gettysburg for the kind manner in which they have ever treated me, I will now subscribe myself your friend, assuming all the pressure on myself.

J. N. FARR.

It is said that the Reconstruction Committee have finally matured a proposition in the shape of a constitutional amendment, in regard to the representation which they are willing to go to the country on.—It emanated from a distinguished politician of the Radical school, in the hope that it would be accepted as a compromise between the views of the President and Congress. It has been submitted to the President by its author, and it is said he thinks well of it.

A squadron of seven American vessels has been detailed for duty on the coast of Maine. They all remain there during the Fenian excitement. A Toronto despatch of Friday says that the volunteers who were sent to the Lower Canada frontier have been recalled, Fenian raids being no longer feared. A despatch from Portland, Maine, says that General Meade has telegraphed for more troops to be sent to Eastport, and all the troops in that vicinity are ordered forward.

Despatches from Mazatlan to the 23d ult., state that the French army, 1,100 strong, reinforced from Tepic, attacked Gen. Caron at Kubi, three miles from Mazatlan. After a severe battle, the Frenchmen were entirely defeated, with a loss of 700 killed and wounded, and 350 were scattered, and the rest returned to Mazatlan.

Judge Smalley, of the U. S. Circuit court, has decided that an Assessor has no right to review any assessment made by him and which has been transmitted to the Collector and paid, and that the Assessor has no authority under the law to require any man to appear for examination in regard to such returns, nor compel him to submit his books for examination.

The Kansas City Journal, of Saturday, says the Missouri Pacific Railroad is doing an immense business. From five hundred to six hundred passengers are frequently brought through on a single train. The long and heavily loaded freight trains daily give evidence of the addition to their business made by completing the road to Kansas City.

The total number of emigrants arrived at New York from Europe during the past week was unprecedentedly large, being 10,331. The aggregate arrivals from January 1 to 45,961.

THE GETTYSBURG MINERAL SPRING.

Vichy and Gettysburg water as medicine. The results of the practical trial of the Gettysburg water—its removal of Uratic deposits in gout and rheumatism.—A great hygienic fountain on the battle-field of Gettysburg.—The popular enthusiasm extending.—The great run to this Spring.

The comparison instituted between the Gettysburg and the Vichy waters by the chemist who analyzed the former, as well as by an eminent physician who examined the analysis, excited a good deal of surprise, and I think also criticism in this community and elsewhere. The critics and the skeptics everywhere clamored for a practical trial before even assigning it a rank among medicinal fluids.

Well, that practical trial has been made, that too under circumstances most unfavorable to a satisfactory result. This water has been tried and is still being tried at a time when it has been and is still diluted by the rains and thaws of Autumn, Winter and Spring to a greater extent perhaps than any other mineral water in the country, owing to the proximity to the surface of the loose-jointed rock through the crevices of which it finds its way to the upper world from the laboratory in which it is compounded. It has also been tried without competent medical advice, by the people themselves, and upon all and divers diseases, instead of only upon those to which mineral waters are usually applied.

The trial has been the most thorough and extensive ever made with any mineral water or other medicine, and extended over an area of country of more than a hundred miles in extent. The reports of those using it in this neighborhood have been made as the experiment progressed, and the result has been a steady advance of this water in the public confidence until it has come to be regarded as an indispensable in a majority of the houses in the town and vicinity, and there are not wanting competent judges who think that its almost universal use has greatly improved the general health. The reports of results from its use at a distance are also arriving and are equally satisfactory.

We are thus supplied with the requisite data for testing the opinions of the bold men of science who ventured upon scientific principles alone to institute a comparison between an unknown water at Gettysburg and the famed fluid at Vichy. Fortunately the medicinal status of the Vichy water is well ascertained. It is thus stated by Carl Shultz in his book on mineral waters, an authority which has the confidence of the profession in New York.—He says on pages 27, 28 and 30:

"Vichy water proves very useful in certain forms of indigestion, aversion to food, depression after meals, nausea, vomiting, flatulence, heartburn, constipation, alternating with diarrhea, etc. In jaundice caused by catarrh of the hepatic ducts and gall stones, Vichy proves of great service. Of its efficacy in gout, he says: It diminishes the frequency, the length and the intensity of the attacks, but it cannot cure the gouty affections of the joints, nor dissolve gouty deposits because they usually consist of urate of soda. The sufferers are usually satisfied with that result, and being relieved from pain, do not much mind the remaining knotty portions."

It will thus be seen that Vichy, though a vaunted remedy for rheumatism and gout, both of which are caused by uric acid in the system, and urate deposits, will not remove the latter but only afford temporary relief. Now, the water of the Gettysburg spring has not only afforded relief to a number of persons afflicted with rheumatism and gouty diseases, but it has in several well-authenticated instances done what Vichy water confessedly will not do, it has removed urate deposits, the knotty excrescences or lumps upon joints and muscles incident to gout and rheumatism. One of the relieved is a resident of Adams Co., and is a man of great respectability in the community, whose sufferings of almost a lifetime are also well known. The others reside in neighboring towns and cities, but are also believed to be reliable witnesses. I have referred to the removal of urate deposits as one of the best tests of the relative merits of the Vichy and Gettysburg waters, because it is a boasted remedy for the diseases of which these are the final expression, after they have ordinarily passed the domain of medicine.

I have also selected gout and rheumatism as the subject of the comparison, for I must either confine it to these symptoms or reject wholly the data supplied by the late popular experiment with the Gettysburg water. Either the physicians of France and other countries have unnecessarily contracted the sphere of utility of Vichy and other mineral waters, or the people in this vicinity have demonstrated the existence on the battle-field of Gettysburg, of a hygienic fountain which must excite the wonder of the world, and attract hither at no remote period the afflicted of all lands.

In examining the results of this experiment with the Gettysburg water, it is more difficult to say what it will not cure or alleviate if properly used, than to say what it will.

Making due allowance for imagination in some cases and for exaggeration in others, still enough remains to account for the popular enthusiasm in favor of this water which is rapidly extending to neighboring towns and cities, and which is finding expression in the great run to the spring which is every day assuming more gigantic proportions.

"Sweet Home."

The expatriated rebels, whether absent by necessity or choice, from their native country, are beginning to find that there is no place like home. Breckinridge is disgusted with Canada. Guerrillas and earthquakes are too numerous and frequent to make Mexico agreeable; and even Brazil, the land of promise, fails to meet the expectations of chivalrous emigrants. Three brothers, Gellett, left Missouri for the South American Empire in April, 1865.

Two of them have just returned, and the third will probably follow. One of the two has lost two children, and the other a wife during the year. They have no complaints, however, to make respecting the climate, but though "every prospect pleases," the people are unbearable. Huts, lacking even the conveniences which negro slaves used to enjoy in Missouri, are wanting to the bulk of the population, and they seem content to live on without improvement.

The products of the tropical region afford them food, and they ask nothing more.—The emigrants were not so easily satisfied, and now think that the Yankee despotism is preferable to Brazilian squallor.

It is calculated from data deemed reliable, that in Georgia, Alabama and Mississippi, the number of negroes at work is about one-third of that in 1860, while there are now twice as many white laborers as then. In those districts where white labor has been heretofore used, there will be tolerably full crops of everything.

The Chambersburg Repository says that the annual meeting of that denomination of Christians called German Baptists, sometimes styled Dunkers, will be held at the residence of Jacob Price, near Waynesboro, on the 19th of May. There will be a general attendance. Provisions are being made to feed one thousand persons at one time. A bakery has been erected on the ground where the bread will be baked as needed. About sixty-five or seventy barrels of flour will be prepared, and twenty fat oxen slaughtered as needed. The fare usually consists of bread, butter, apple butter, pickles, ham, beef and hot coffee.—About ten thousand are expected to attend from the State of Illinois. There are few States in the Union that do not contain members of this sect, and in some of the States they are very numerous. The meeting will continue five or six days, or until all business is transacted. Such a multitude as is expected, was never before seen at any former meeting. Worship is held at the same time at the different churches, houses and barns in the vicinity. Their ministers generally have but a common school education, but latterly more attention is being paid to it.

Gettysburg and Chambersburg Railroad.—Messrs. J. B. Danner, Charles Horner, Sam'l Small, D. M. Conaughy, D. O. Gehr, George Arnold, Henry Kauffelt, E. Cooper Sharpless, Jacob Mickle, A. K. M'Clure, William Riddell, F. S. Stumbaugh, John A. Fowler, L. D. Barclay, Ed M'Pherson and G. B. Wiestling, or any five of them, are appointed to open books and receive subscriptions under the "Act regulating railroads." The capital stock is to consist of ten thousand shares of fifty dollars each, with the right to increase it if necessary, to complete and equip the road. The road is to run from Gettysburg to Chambersburg, with the right to build lateral roads to mines, quarries and manufactories.

The Superintendent of the Freedmen's Bureau in Georgia telegraphed to Washington inquiring whether President Johnson's "peace proclamation removed martial law," stating at the same time that "the department commander, Gen. Brennan—does not feel authorized to arrest parties who have committed outrages on freed people or Union refugees," and asking information on the subject. Secretary Stanton, with the approval of President Johnson, answers by stating that "the President's proclamation does not remove martial law, or operate in any way upon the Freedmen's Bureau in the exercise of its legitimate jurisdiction. It is not expedient, however, to resort to military tribunals in any case where justice can be attained through the medium of civil authority." The Augusta (Ga.) Transcript of the 13th instant says that "we derive from the highest source the information that, notwithstanding the peace proclamation of the President, the habeas corpus has not been restored, nor has martial law ceased in the Southern States."

REVENUE REVISION.—Commissioner Rollins has been devoting himself with commendable zeal to a revision of the present revenue law, so as to obviate many of the onerous and unequal assessments upon manufactured articles, which not only embarrass our business men by their multiplicity and intricacies, but are a source of constant vexation to local Assessors and Collectors, as well as to the Department. He was before the Ways and Means Committee to lay to submit such amendments.

The Committee is earnestly engaged in preparing the Internal Revenue bill, and hope to be ready to report in a very short time. Among the other articles upon which it is understood the tax will be materially modified is that of small castings, such as locks and bolts, and householders' hardware generally.

The Iron Horse is speeding rapidly towards the Pacific. Last Monday week the gap of a mile and a half between the Missouri Pacific and the Union Pacific railroads, between Kansas City and the Kaw river bridge, was closed. The occasion was celebrated by the officers of both companies in a formal manner. It is stated that the road will be finished and open for traffic to Fort Riley early in June. This point is three hundred and seventy five miles from St. Louis. From Fort Riley the line will be rapidly pushed to Denver by what is known as the Smoky Hill route. If the remainder of the road is completed with the speed which has marked the construction of the portion now finished, it will not be long ere Denver will be united with the East by rail.

Gov. Curtin, always faithful to the interests of his State, has at last succeeded in having the bill passed through both houses of Congress to indemnify Pennsylvania for her expenses in raising men to resist the rebel invasion. The troops of the other States were paid promptly by the National Government, but Pennsylvania had to raise money for the payment of her own, trusting to Congress to indemnify her in the future. In spite of the justice of her claim, it was postponed, through the jealous influence of members from other States; and it required the determined perseverance of the Governor and his personal presence at Washington to overcome the opposition. He has finally triumphed, and established a new claim upon the gratitude of the people of Pennsylvania.

A raid was made on the jail in Pittsfield, Pike county, Illinois, last week, by a number of men at midnight, scaling the walls and making a hole in the roof to let themselves in; then, breaking through another ceiling, they reached the upper tier of cells, where they inquired of the prisoners for a prisoner named Evans, under indictment for murder, but he had been taken away to Brown county. They were very angry at their failure to release him. They released and took away with them three other prisoners, and left for parts unknown without being discovered.

The Omaha Republican of the 9th has some rather exciting news from Utah. It learns that "the greatest excitement prevails among the Mormons, and a fixed determination on their part to drive out or exterminate all Gentiles. Eight men have recently been assassinated, while the editor of the Vidette, with all other Gentiles, has been notified to quit the country. Placards are posted up in Salt Lake City warning all Gentiles to leave immediately."
